The use of artificial intelligence in all areas of life is constantly advancing. There are also potential applications in the area of dispute resolution – from e-discovery and document review to selecting arbitrators or even predictive analytics.

The Center for International Dispute Resolution at Bucerius Law School, CAM-CCBC, HAC and Rechtsstandort Hamburg e.V. cordially invite you to join the debate on the use of AI in arbitration, the present applications and future uses from the perspective of parties, counsel and arbitrators .

WE THANK OUR PARTNERS
